Sponsoring Malaysia Open Source Conference 2012 (MOSC2012) is an excellent way to reach a targeted audience and demonstrate your association with Open Source players, community and industry, in the increasingly important areas of Enterprising Open Source.

Open Source have reached the level that it is considered a vital component of daily Information Technology activity. It is not somebody's hobby project or simple solutions to solve one's personal problem anymore. Open Source is now a multi-million Ringgit industry where its customer demands the best from the provider.

MOSC2012 offers a variety of sponsorship opportunities suitable for large as well as small organizations. Sponsors of **MOSC2012** gain visibility for their organizations, demonstrate their support of daily Information Technology activity, and contribute to the success of the conference.
